Q: Hello, Oda Sensei! ☆ Please give us an introduction to the other twenty members of the Heart Pirates, who were treated with such disrespect in Chapter 815!! I thought they'd be all men, but I spotted a woman too! Right? What a shocker.
--Black-and-White Panda

A: Whaaat?! ⚡ This is a shocker too! All of them? Why d'you wanna know?! Well, I can at least pick out three of them I meant to be voices of protest against the Straw Hat Alliance, but didn't get to draw for lack of space.

← This was my idea for the scene. They might still be against the alliance idea.

Q: Oda Sensei, you can't just come up with Whitebeard's son and give us Weevil! The only resemblance is the white facial hair!
--Huge Whitebeard Fan

A: Right? So we've got this real weirdo as a new member of the Seven Warlords, and we can't even tell if he's Whitebeard's actual son. Let me just say that your reaction is exactly what I'm hoping for.
Heh heh heh heh heh. Heh heh heh heh heh.

Q: In chapter 792, you introduced the "nearby Applenine Island." Did you come up with that name because nearby (or adjacent) is *ringoku* in Japanese, plus *ringo* is apple and *ku* is the number nine?
--Haru

A: Heh heh heh gwahakk koff koff heh heh heh.

質問コーナー

Q: Can you explain how the Longleg people ride a bicycle? I can't figure it out.

--K Jun

A: Well, it would be awkward for them if they tried to ride a normal human bicycle, but back home they have their own bicycle makers that sell special Longleg Bikes, so have no fear. They're doing just fine.

Q: What's with all the "yougara" and "theygara" and "youteia" and all that stuff the minks say? It seems to be part of their non-first-person pronouns, but are there rules to the pattern? Tell me...and let me garchu you! (laughs)

--Jimbei's student, Magu

A: Garchuuuuuu!♡♡ There. I'm pretty sure it was confusing at first, but it's really quite simple. Males say -gara, and females say -teia. So...
 You → yougara, youteia
 We → wegara, weteia
 They → theygara, theyteia
 And so on, and so on. There may be a few other instances here and there, but don't think too hard about it. It's just for fun. They're a species that developed its own culture on an isolated island, so it's practically a miracle we can understand each other at all.

Q: Odacchi!! In the SBS of Volume 82, you demonstrated the way to escape harm from Akainu, bears and ghosts. But when I tried that on my mom when she was angry, she hit me! Is my mom stronger than Akainu?

--Star Fairy

A: Whoa, hey! What did you expect?! Why would you do such a crazy thing?! That's the world's strongest creature!! She's stronger than Kaido!! Never try that again! But your mom also loves you more than anyone else.

Q: I love the Dressrosa arc so much, I've read it multiple times, but I'm sending this question to the SBS because there's something I just can't put together. In Chapter 788, why did Viola and Doflamingo call each other "Dofy" and "Violet"? What was going on between them?

--Fuki

A: Hmm. A very insightful question. Well, there's some very deep backstory here, but I cannot tell you about it. I've told my editor, but it's a very grown-up story, and therefore I'm not showing it in One Piece, my manga for boys. You grown-ups reading this can use your imagination. Dressrosa is the land of passion!!

Q: Hello, Odacchi! Heraclesun ends all of his statements with an "n" sound. Does that mean his real name is actually...Heracles?

--Uchi

A: I couldn't say... It's an eternal enigma.

ALL RIGHT!! I'LL BE BACK!!!

BWOHH !!!

AAAAH !!

I'LL DO EVERYTHING I CAN HERE!!

RUMBLE !!

CHOMP!!

THESE GUYS WORK FOR AN EMPEROR!! WE WERE THE ONES UNDERESTIMATING THEM!!

...BUT THE TREES AND FLOWERS STILL JUMPED ON HIM WITHOUT A SECOND THOUGHT!!

I SEE... WELL, I GLESS APPEARANCES AREN'T EVERYTHING.

IT'S LIKE ONCE THEY GET AN ORDER THEY'LL NEVER STOP UNTIL THEY COMPLETE IT...

THAT REINDEER GUY WAS AMAZINGLY HUGE AND TOUGH...

EVERY SIX MONTHS, EVERY RESIDENT OF TOTTO LAND...

HMM.

HOW DO THEY EVEN MOVE, ANYWAY?!

I KNOCKED OUT A BUNCH OF THEM, AND THEN THEY CALMED DOWN!

NOW THAT YOU MENTION IT...

...HAS TO PAY THE KINGDOM A MONTH'S WORTH OF THEIR SOUL IN EXCHANGE FOR SAFETY.

...THEY JUST KIND OF STOPPED COMING AFTER ME AT SOME POINT.

LINLIN-- I MEAN ...

HOW IS THAT POSSIBLE ?!

THAT'S, LIKE, ONE YEAR FOR EVERY SIX THAT THEY RESIDE HERE,

IT'S LIFE SPAN, BASICALLY. PEOPLE WHO LIVE HERE SLOWLY GIVE AWAY THEIR LIFE-- TWO MONTHS OF EVERY YEAR.

SOUL ?

BIG MOM HAS THE POWER OF THE SOUL-SOUL FRUIT.

...AND THEN SPREADS THE ACCUMULATED HUMAN SOUL THROUGHOUT THE KINGDOM.

SHE TAKES THE LIFE SPAN OF HER SUBJECTS...

SHE CAN MANIPULATE PEOPLE'S SOULS AS SHE WILLS.

THAT MEANS ALL SORTS OF THINGS TAKE ON A LIFE OF THEIR OWN!! OH, YOU CAN'T PUT SOULS INTO CORPSES OR OTHER PEOPLE...

...IS HANDLED BY LINLIN--ER, BIG MOM'S LITTLE INCARNATIONS MADE OF PURE SOUL!!

THE COLLECTION AND DISTRIBUTION OF SOULS...

THIS IS, LIKE, THE TRUE NATURE OF TOTTO LAND...

THEY'RE CALLED HOMIES.

THAT'S HOW THESE GUYS STARTED WALKING AND TALKING LIKE THAT.

YEP, THAT'S RIGHT. ANIMALS CAN BE PERSONIFIED TOO.

AND THAT HUMAN-LIKE RABBIT?

SO THAT'S WHAT THE TALKING CROCODILE WAS?!

SO THAT EXPLAINS IT!!

WE NOTICED THAT LOTS OF ODD THINGS SEEMED TO BE ALIVE IN THE TOWN OF CHOCOLATE WHERE WE FIRST LANDED.

WHAT AN INCREDIBLE POWER!!!

BECAUSE, LIKE, I DIDN'T WANT TO GET INVOLVED!!

WHY DIDN'T YOU TELL ME THAT?! YOU'VE BEEN WATCHING ME ALL ALONG...

BRULEE USED HER POWERS TO TURN THEM INTO PEOPLE.

OH, THOSE ARE SOMETHING ELSE.

THEN WHAT ABOUT THEM?!

THEY'RE JUST ANIMALS.

...

SPEAK!! AND THEN YOU'LL GET YOUR JUICE!!

WHY?! WHO ARE YOU?!!

...!!

IF YOU DIDN'T WANT TO BE INVOLVED, THEN WHY ARE YOU STUCK IN THE GROUND HERE?!

WE HAD TWO DAUGHTERS, AND THEN SHE, LIKE, ABANDONED ME.

...

IT'S NOT THAT NOBODY'S AFTER ME...IT'S THAT, LIKE, THEY DON'T EVEN PAY ATTENTION TO ME!!

...I WAS THE HUSBAND OF THE PIRATE CHARLOTTE LINLIN, BETTER KNOWN AS BIG MOM.

LONG AGO... VERY LONG AGO...

WHAAAT ?!!

WE THOUGHT HE WAS A GIANT!!!

HAVE YOU LOST YOUR WITS?

HEY.

WHAT KIND OF A FOOL GOES AND GIVES THE ENEMY THE INFORMATION THEY WANT?!!

AAAAAH !!!

I HEARD SHE GOT MARRIED! I WANT TO CONGRATULATE HER!!

新質問コーナー

Listen up, folks! It's time for the Super Buggy Spectacular hour!!

(Hayato Asami, Kanagawa)

Q: Odacchi, here's a question! What's up with Zou's legs? Are those ultra-long legs that would make the inhabitants of Long Ring Long Land jealous?!?!
--Shokotan

A: Ah. This is a very interesting question. Indeed, if you think of it being proportioned like a normal elephant, that would mean the sea is very shallow! As a matter of fact, this elephant belongs to the species *elephas dalii*, which is known for having one extra leg joint, and extremely long legs. Maybe you'll see it in the manga someday, or maybe not, but that's the explanation.

Q: Am I the only one who thinks the special attack move "Sheep's Head" in Chapter 195 looks like a poop? I'm so obsessed with this that I can't even eat tapioca pudding with my chopsticks anymore.

--My friend can drink coffee black

A: It looks like poop to me too.

Q: Hi, Oda Sensei. Did you know that the world's finest coffee is extracted from elephant dung? I'm sure a thousand-year-old elephant produces some truly well-aged dung, so get right in there and pull out those beans!

--Sanadacchi

A: I never heard this before!! I looked it up!! It's true!! I understand the reasoning, but I think I'll pass on this one!! No thanks.

Q: Heso, Mr. Oda!! Pumpkins are a special crop in Skypiea. And it was Noland the botanist who introduced the pumpkin to Jaya, the original island, correct? And I've noticed there are plenty of pumpkins in Dressrosa too! Is it possible that when Noland met the Tontattas on his travels, he learned how to grow pumpkins from them? Tell me!

--Kamiki

A: That's correct-- perfect answer. Pumpkins are very nutri-

tious, so it looks like the crop took root wherever Noland brought it. Perhaps it's a sign of the trust he earned from those he met too.

Q: I have a question about Vito the Phantom Gun from the Firetank Pirates. He's got extraordinarily large hands, but his suit seems to be normal-sized. So how does he get his hands through the sleeves?

--Stark Yohn

A: Like this!!

Q: Odacchi!! In Volume 79, you said we should use whatever logic we could to connect characters to dates, so I did my best!! For Viola, the V is a "B" sound in Japanese (B→13) and o is a zero. 1/30!! January 30th is blank!! I'm a genius!! Hope you like it!!

--Summer Mandarin

A: Whaaaat?! Okay.

Q: Greetings, Oda Sensei! I'm here to fill in some calendar blanks!
 Sai ⇒ 8/13 (Happosui's "eight treasures," 13th chieftain)
 Baby 5 ⇒ 5/15 (May + d (maid), d is "10" plus Baby "5")
 Chin Jao ⇒ 12/12 (12th chieftain of Happosui)
 Boo ⇒ 8/20 ("eight treasures" and bu-u stands for "2-0")
 How old is Sai, anyway? What's the age gap with his wife?
 Depending on the answer, I might need to call the cops...out of jealousy.

--Uhyalicia

A: Whaaaat?! Okay. Sai's age is... Actually, why don't I tell you the ages of all the people who drank from the son's cups?

Q: Odacchi! What happens if you rip off a woman's bra like Smoker does? (See Volume 67 SBS.)
 Won't know until you try it! Here we go!
 P.S. Dear Eiichiro Oda, they arrested me. Why?

--Chagero Shimizu Fan

A: That's all! No more SBS! See you next volume!!
